Professional Summary

Senior consulting professional with 8 years of experience across strategy, M&A, and digital transformation engagements in financial services, healthcare, and consumer goods. PhD in Economics. Native English speaker with C2 German.

Professional Experience

Senior Manager

McKinsey & Company · Munich · March 2021 - Present

Lead consulting engagements with revenue responsibility of EUR 4-6M per project. Manage teams of 8-12 consultants across two parallel engagements. Mentor for three associates and one engagement manager. Co-lead the German Healthcare Practice for the Munich office.

Selected projects:

- **Pharmaceuticals:** Led a 14-month strategy refresh for a top-5 European pharma. Defined the company's 2030 vision, identified three priority therapeutic areas for investment, and built the business case for a EUR 800M acquisition. Project resulted in two completed acquisitions and a new R&D operating model.
- **Banking:** Co-led a digital transformation engagement for a top-3 German retail bank. Designed the future-state operating model, developed implementation roadmap across 18 months, and oversaw vendor selection for the new core banking platform. Engagement value: EUR 5.5M.
- **Healthcare:** Led a post-merger integration project for the consolidation of two regional German hospital networks. Designed the integrated organization (12,000 employees), developed the value capture roadmap (EUR 250M synergies), and supported execution through Day 365.
- **Insurance:** Led a market entry assessment for a US-based InsurTech company entering the European market. Identified Germany as the priority market, defined the partnership strategy, and supported initial outreach to potential strategic partners.

Associate
